MONDAY EVE., NOV. 21, 1887.

BY TELEGRAPH.

BURNED BEASTS.

Barnum & Bailey's "Greatest Show on Earth" Entirely Consumed by Fire.

The official returns of the New York election show that in fifty-four of the counties the Republican plurality was larger than that of 1884. In other words, outside of six counties, the Republicans actually did better than in the last Presidential election. This surely does not go to prove that the Republican party of that state is democratized, or that their chance of success next year is an unusual and disconcerting one.

The arrest of Johann Most, the anarchist, on account of a speech calculated to incite riot is a move in the proper direction. There has been enough incendiary talk by men of his class in this country, and society has a right to demand that they be restrained from preaching doctrines which tend only to make free speech a peril instead of a protection.

The vote of the G. A. R. posts throughout the whole country on the dependent pension bill has just been completed, and it is practically unanimous in favor of the measure. President Cleveland may therefore consider himself vindicated in the matter of his refusal to visit St. Louis during the week that the veterans were there, on account of their want of sympathy with his pension policy.

WHATSOEVER may be said of Mr. Lamm's qualifications for the Supreme Judgeship in other respects, it can not be doubted that he will improve every opportunity to enforce the doctrine of the Confederate Constitution. In one of his speeches in the Senate, it will be remembered, he said that it was "a wanton insult" to exclude Jeff Davis from the benefits of the law granting pensions to soldiers of the Mexican war, and that the people who took part in the rebellion "were unmotivated by motives unscrupulous and even in the bread of a Hampton or a Washington."

The annual report of Mr. James W. Hyatt, United States Treasurer, has just been submitted. It shows that the Government revenues for the fiscal year ended June 30, 1887, were \$3,714,027,77; ordinary expenditures, \$3,273,022,170; the surplus receipts available for the reduction of the public debt, being \$103,171,007. The largest revenues were from customs, the largest increases in expenditures on account of Indians and pensions, and the decreases on account of interest on the public debt. The Post Office Department receipts were \$647,255,537 and the expenditures \$53,583,835. The revenues exclusive of deficiency appropriations, increased \$3,500,005, and expenditures to \$2,921,149. The amount drawn from the Treasury to make good the deficiency in the post office revenues was \$6,099,138, as a result \$4,711,422 in 1886. During the year \$127,911,350 of United States bonds and upward of \$19,000,000 in United States paper currency and national bank notes were redeemed.

FROM WASHINGTON.

New Civil-Service Rules. WASHINGTON, Nov. 21.—The Civil Service Commission has made a new application in regard to applications for examination in the civil service, to be issued to all offices in Washington. The questions contained in the applications are designed to elicit more information in regard to the habits, character, etc., of the applicant than the present circular. An application must have been applied for during the last two or more years from the date of its issue. The purpose of this is to be informed by any one of the applicants' acquaintances whether from his own State or not, a number of other questions are also made, to enable the commission to prevent the commission from being imposed upon by unscrupulous applicants, as frequently happens nowadays.

Proposed Yearly Encampment of Militia. WASHINGTON, Nov. 21.—Senator Butler of South Carolina, it is said, will introduce a bill in the Senate to prohibit the annual encampment of the militia in the capital city. The question has been agitated for a long time, and was last year, by a vote of the Senate, to be continued, to be held in the city for a period of ten days, or two weeks, in the month of October. The bill, if passed, would be introduced in the Senate by some general officer of the army, the camp to be at a target or a field, but for the purpose of which it is not intended.

TERIBLE EXPLOSION. Five Men Instantly Killed and a Number Injured. PARSON, A. T., Nov. 21.—A boy of 10, W. Wilson & Co.'s saw-mill, nine miles from here, exploded Saturday. The boy, a favorite pet of the proprietors, was caught in the explosion.

J. B. Ackers, foreman.

Collins Taylor.

An unknown man.

A number of other employees were severely injured. Ackers, the foreman, was severely injured, but not disabled, by the explosion of his hand being blown away. The intestines of Wilson were discovered near where Ackers' body lay cut in two. His head was torn in two hundred and twenty-four pieces. The body was found in a hole, covered with a tarpaulin, and was very black and discolored.

Officers of the police force were on the scene of the explosion, and were very anxious to find the cause. The body of the boy was found in a hole, covered with a tarpaulin, and was very black and discolored.
